Beaumont Primary School Mental Health and Wellbeing Policy

At Beaumont we have three rights; to learn, to be safe and to be respected.

Introduction

It is important to us at Beaumont that together we work to achieve our three rights through promoting positive mental health and wellbeing, not just for pupils, but the staff and wider school community, too.

Our Rationale

Good mental health and wellbeing raises school success and improvement, as members of the school community;

- Add positivity to teaching and learning; thus raising standards
- Promote social inclusion
- Improve attendance
- Improve behavior
- Feel happier, more confident and motivated
- Help to meet legal, ethical and curricular obligations as a result.

Our Aims

- Pupils who are more engaged in the learning process
- Pupils who want to achieve and better themselves
- Teachers who are effective practitioners
- Parents, carers and the wider community happy to be involved in school life and learning
- Pupils who are confident, engaged and keen to attend school
- Pupils who feel they have a say in what happens at school, ultimately feeling safe and respected (our school rights)
