

## Daily Learning Task 3

### Year 3

#### Maths:

Lety's look at measurements. Have a go at answering the following questions in our 5 question quiz!

1. How many grammes are equivalent to 2.5kg?
2. How many mm are there in 1 metre?
3. Name 2 units of measurement for capacity.
4. Which is more: 3.6km or 3060m?
5. An apple weighs 56g and an orange weighs 0.07kg. How much do they weigh altogether?

Can you think of a question of your own?

#### English:

Have a look at the picture on the right. The two boys seem to be having a conversation. What do you think they are talking about?

I would like you to set out their dialogue correctly, remembering the rules we revisited yesterday.

#### Helpful Hint

You could start by drawing speech/thought bubbles and filling in the words. Then, transfer these in to properly set out dialogue.

Our 'Word of the Day' today is:

**MANOEUVRE**

What does it mean?

Is it a verb, adjective, noun or adverb?

Complete these 2 sentences (including the word, manoeuvre):

Slowly, he began to \_\_\_\_\_

She \_\_\_\_\_ carefully past \_\_\_\_\_

**Other:**

**Science Knowledge and Understanding Check**

**Can you remember the three types of rock?**

**Name them and tell someone how each one is formed. Can you remember any examples of each?**

**Use the word bank to help you.**

**Word Bank**

Sedimentary

Igneous

Metamorphic

Volcanic

Heat

Pressure

Sediment
