

## Daily Learning Year 3

### Maths:

What can you remember about place value? Look at the following number and tell me 10 things about it! The following words might be useful to you:

odd even digits multiple of... greater than less than between

595

### English:

Can you remember what a **conjunction** is? Yes, it is a word or phrase that connects ideas in a sentence. We have already learned about **subordinating conjunctions** but if you need reminding, watch the BBC Bitesize video clip following this link:

<https://www.bbc.co.uk/bitesize/topics/zwwp8mn/articles/zqk37p3>

Do you remember 'I SAW A WABUB'? We used this mnemonic to help us remember examples of subordinate conjunctions (see picture at end). I want you to be a 'Conjunction Detective' and find as many different examples in any books you have at home. Make a list of them. Choose one to use in your own sentence.

### Other:

**P.E.** Back in the summer, Mrs Seeds' family set up 'Circuits' in the back garden. The activities included dribbling a ball around cones, skipping with a hoop, sprinting between 2 points, using weights and press ups on the gymnastic bars.

I would like you to design your own Circuits with at least 5 different activities. You could draw or write about what you plan. I can't wait to see what you come up with!

### Ongoing tasks:

Please make sure you access Reading Plus or Bug Club today.
