- Any messages to pass on from children in class.
- Learning for Life ideas
- How is online learning going?
- New authors and books in class
- Beaumont Parliament week
- How can we improve Beaumont?
- How are we finding the changes this year?
- Christmas at Beaumont

Minutes:

Welcome

Miss Sullivan welcomed all new members of School Parliament and discussed the important role they have in school and what this involves.

Messages from class – No issues to raise, that have been brought to their attention so far.

Learning for life ideas – The children would like more art and craft activities worked into L4L, they would also like to complete more DT work within L4L as they feel they missed out on a lot of this last year due to COVID. They have also missed using the computing suite as much as they used to do so would like this to be planned into L4L if possible.

Online Learning: The children have found the online learning fun and manageable. They are enjoying using reading plus and maths flex at home and in particular feel that reading plus is allowing them to get a taste for books they would not usually think of reading and also gives them good practise for the entrance exams for high school which is taking pressure of parents helping them to revise or finding tutor support.

New authors and books- The children have all been enjoying the new books within their topics and some children's parents have bought the books or borrowed them from the library. They are enjoying using reading plus.

Beaumont Parliament Week

The children enjoyed taking part in the debating activities and learning about Parliament within their classes. They would like to continue to carry out debates in their classes more often.

How can we make Beaumont even better?

The children have enjoyed coming into school in PE kits this year and would like to have a Beaumont PE kit so that they can all wear the same kit and save time on changing within lessons.

Christmas at Beaumont

The children would like to have a party within their class and wear non-uniform. They children also expressed interest in having a Christmas film with treats and a virtual Pantomime. The children would also like to continue with the traditional Beaumont Christmas lunch but this year within their class bubbles.

The children would like to take part in a TT rockstars competition against other local schools as they did last year.

Date of the next meeting: January 2020
