

Parental Responses to Survey

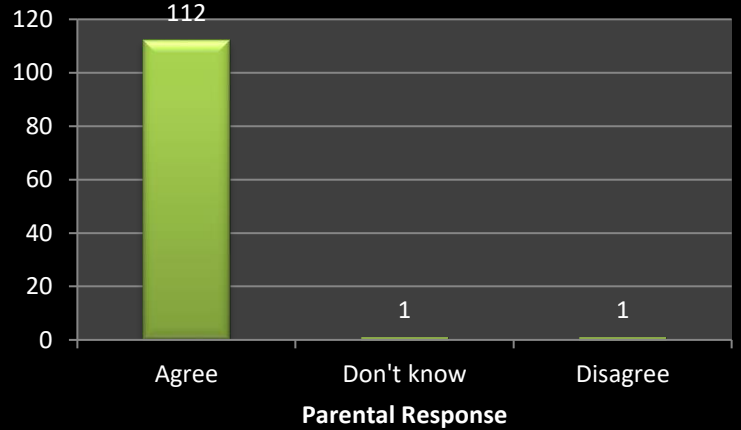

July 2020

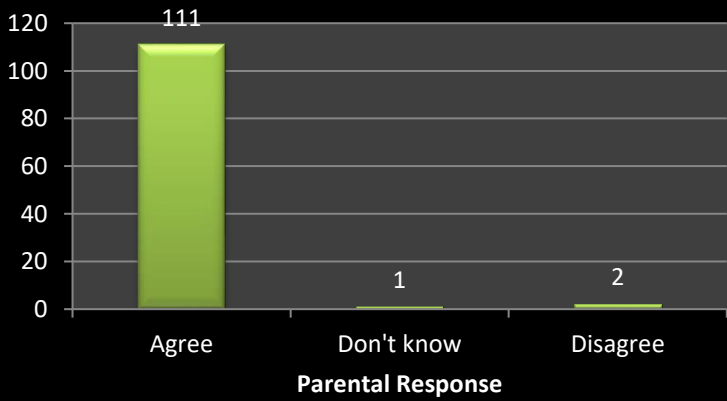

My Child is Happy at School

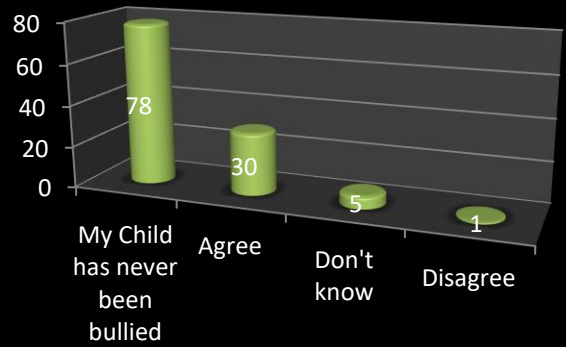

My Child Feels Safe at School

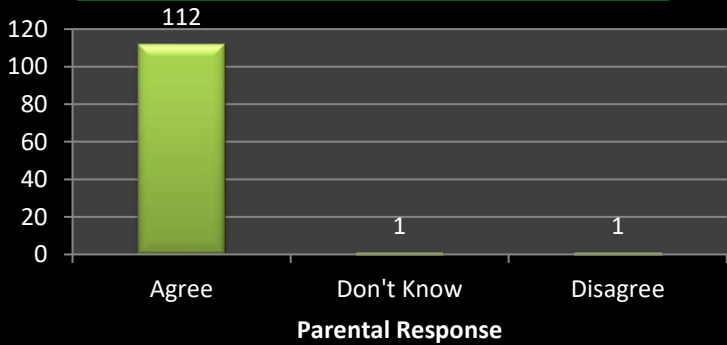

The School Makes Sure Children Behave Well

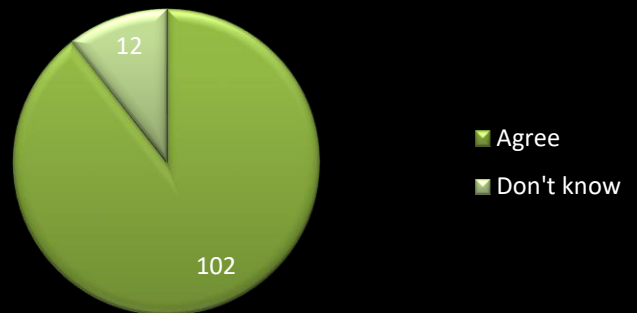

Bullying is Dealt With Quickly and Effectively

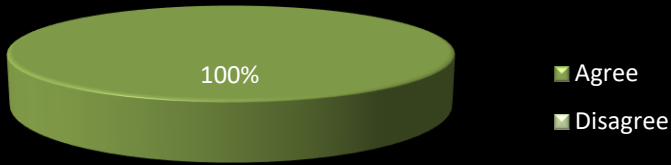

The School Makes Me Aware of What My Child Will Learn During the Year

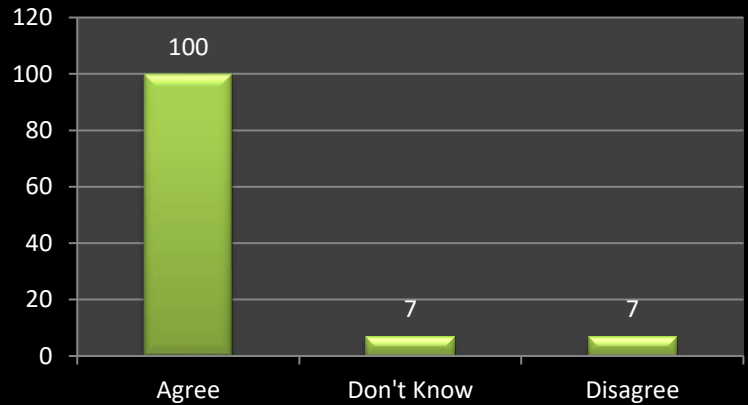

When I Have Raised Concerns With the School They Have Been Dealt With Properly

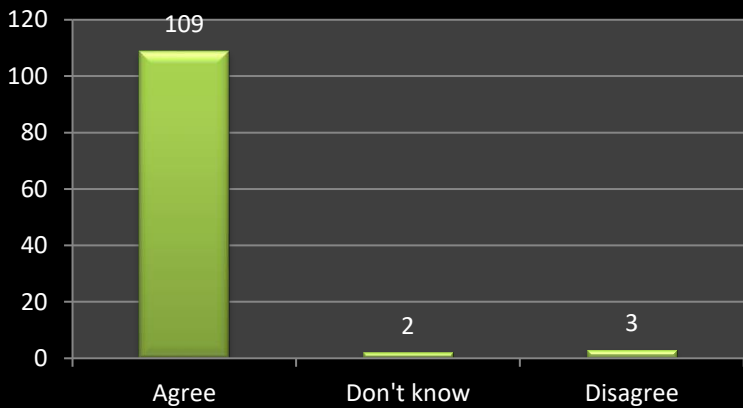

My Child Has Special Needs and Their Needs are Met by the School

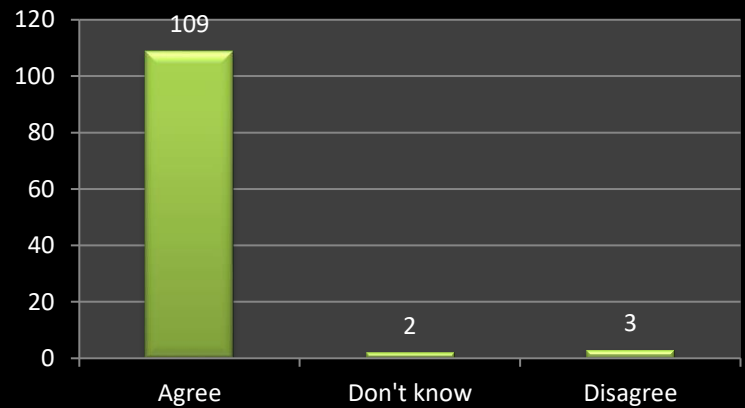

The School Has High Expectations For My Child

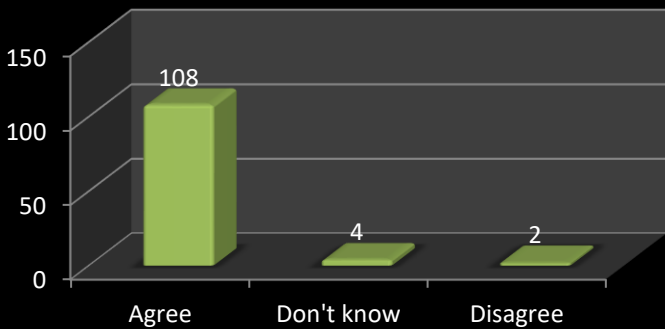

My Child Does Well at this School

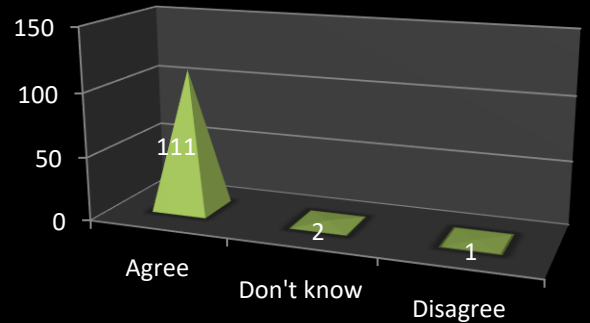

The School Lets Me Know How My Child is Doing

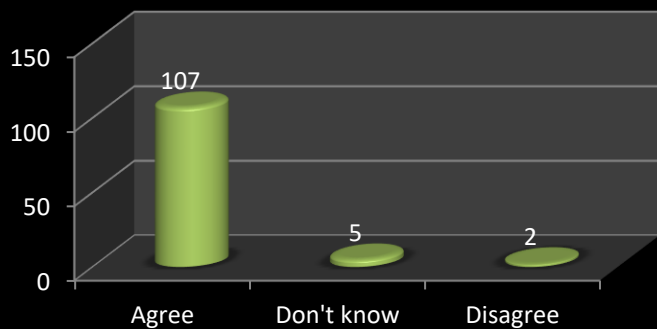

There is a Good Range of Subjects Available to my Child at this School

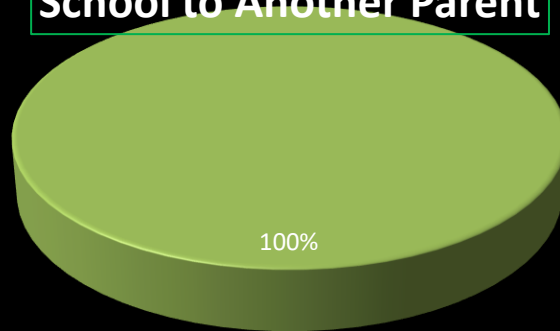

My Child Can Take Part in Clubs and Activities at this School

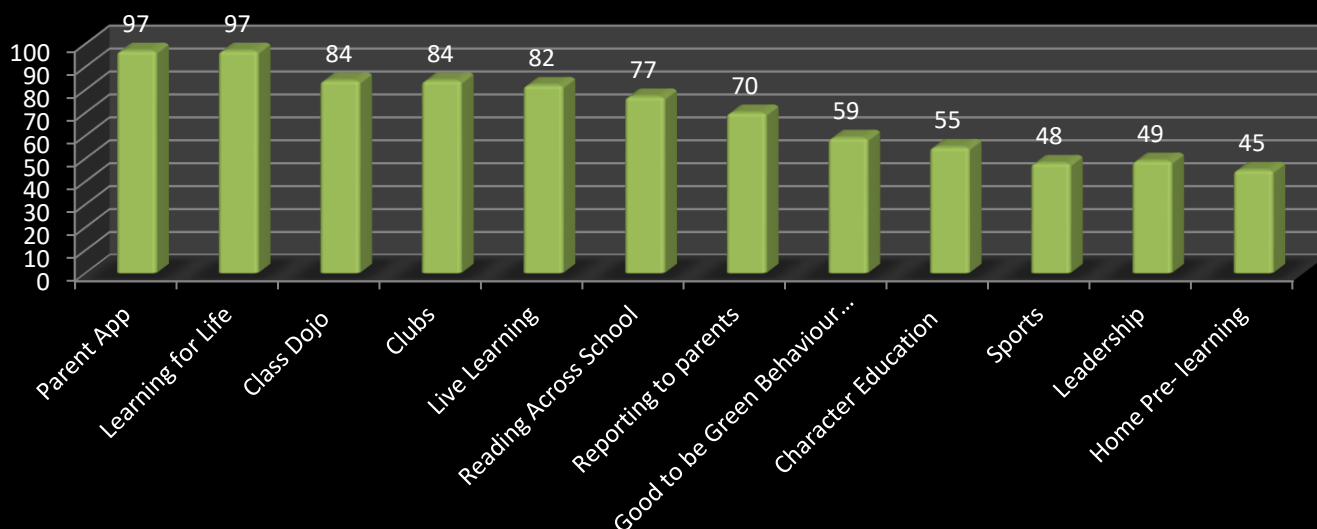

The School Supports My Child's Wider Personal Development

I Would Recommend this School to Another Parent

Beaumont's Successes 2019-2020

How Do You Feel School Has Responded To The Covid19 Pandemic?

Positive

- Communication has been excellent throughout the pandemic.
- The staff at Beaumont has been fantastic throughout the pandemic the children have been at the heart of every decision that has been made, I am really proud that my son is at Beaumont.
- Communication has been good and strong leadership shown throughout.
- Responded safely, proactively, caring for kids, continually planning and implementing change to the system in order to continue children's education.
- I love how the school has made an effort even through the pandemic to do learning online.
- I think the level of support provided has been amazing. The school responded quickly and ensured the level of disruption to children's learning was minimised - folders and reading books given out before lockdown. The provision of work during lockdown has been good and love the feedback from teachers which has been prompt. Zoom classes have been welcomed by all and the children really look forward to them. Thank you for continuing to do an amazing job under very unfortunate circumstances. The teachers are a credit to the school and we feel privileged to be a part of the Beaumont family.
- I feel that the school has been absolutely brilliant. The head, deputy and staff have put in so much work time and effort. I could not thank the school enough for everything.
- The teachers have been amazing and as a key worker, I could not have coped without their support. The team were quick to adapt the school ensuring the children were safe,
- Very good and effective. Zoom classes and class dojo work systems have been excellent. Continuous support from teachers and head teacher is commendable.
- Beaumont has dealt with the pandemic very well. They had prepared for it before lockdown actually happened with packs that were given to students.

Would have been better if:

- Whilst I appreciate it has been a challenging period I feel the school could have been more proactive, got on zoom sooner to increase teaching time and tried to accommodate more students returning to school. On occasion, it feels like we have stuck to the bare minimum and ultimately the children have lost out.
- We would have liked more zoom lessons or a more structured zoom lesson timetable.

Our Response:

We agree we could have used online learning more promptly, which would have been better for our children. However, during these unprecedented times we joined only 4% of the country completing regular online 'Live Learning' as soon as physically and technologically possible. I have been astounded by the praise my staff have received from the parents and children, and I am so proud of our achievements. One other factor which delayed our use of Live Learning, was establishing the safety precautions and policies were in place to ensure we could use 'Zoom' as a learning aid. As I am sure you would agree, the online safety of our children is 100% more important than anything else. However, we have learnt that if a second wave of Covid 19 closed our school doors once more, we would indeed be using Live Learning immediately and more regularly!

Do You Have Any Other Comments You Would Like To Raise?

Positive:

- Thank you for all your hard work especially over the last few months.
- Thank you for all that you have done for my children this year. Miss Millington has worked hard with my son and I am pleased with his progress. She is approachable and has listened and acted on my concerns I had. Thanks so much Miss Millington.
- I have several friends whose children attend other primary schools and in comparison to them, Beaumont has been outstanding particularly during the pandemic, embracing the change very efficiently and effectively. I truly believe that Beaumont has gone over and above their call of duty during such difficult times - my children have loved the online zoom sessions and all the extra support received despite lockdown.
- Thanks to all the staff at Beaumont for an enjoyable start to the year and a supportive end in very difficult circumstances.
- Miss Marren has been absolutely brilliant and my son was fortunate to have her in both year 4 and year 6. Her communication via Class Dojo has been spot on. She has all the excellent qualities of a teacher. I have been a parent at Beaumont since 2008 and have seen many changes but the one consistent is the caring nature of Beaumont. I would not hesitate to recommend Beaumont. In addition, a shout out to Mrs Sumner, thank you for your support and humour. We will miss you Beaumont. Thank you! X
- Miss Brindle has been a fabulous teacher this year! Thank you.
- I feel very fortunate my children have had support from Beaumont and Miss Ruscoe.
- School is doing an excellent job!
- I am so pleased my children come to Beaumont. I am so thankful for all the staff especially with how they have put in so much effort in such difficult circumstances over the past few months! Thank you!
- Please continue to be vigilant for your safety as well as our kids. We really appreciate what you do and the risk you take. You are as much heroes as front line. Stay safe.
- As this is our last year with Beaumont, I would like to thank all the teachers for their support and effort. Thank you also to Miss Marren who has been amazing with our son. She is a fabulous teacher! Our son has loved his Beaumont journey; it feels like yesterday that I dropped him off for his first day in Reception.
- Everything is perfect.
- I feel since Mrs Postle arrival at the school it has been modernised which was long overdue.
- My daughter has loved her time at Beaumont staff through the years have all been amazing. I would not hesitate to recommend Beaumont in the future. We are a little sad her last year was cut short and she missed out on all the leaver activities but totally understand this was avoidable. Would be lovely if class could meet up in September for an afternoon if rules allow.
- I believe everything is quite uncertain now but I am sure you will make us aware of any changes in September. You are doing great. Thank you.
- Miss Sullivan, Mrs Seeds and Mrs Wilkinson have been great on Zoom. Thank you!
- Thanks Mrs Postle, I am a very happy parent and thank you and your team for all the hard work during such unprecedented times.
- No questions as we are confident that the school will continue to keep us informed and will endeavour to keep the children safe.
- Thanks very much, I hope we are together again in September.

Would have been better if:

- I would like the school if possible to help the children in smaller groups where needed. Also, help those children prepare for the 11 plus exams...maybe after school or in school in smaller groups.

Current practice at school is to group children when learning is not met.

After school clubs for Year 6 have been running for 2 years.

- Cater for the gifted and talented pupils.

We cater for pupils of all abilities in lessons and through clubs after school. During the pandemic, it has been very difficult to differentiate for all pupils but we always offer a wealth of activities on our website.

- Personally, I feel the school lunch portions are small for the older children.

I was unaware of this problem, but will monitor in September.

- I would like you to take care much more in sport subject especially after lockdown where kids stuck home with very few activities.

We are proud to have a Silver Award in P.E and we will continue to thrive at sport in the new academic year. We have also sent out a weekly Sports Newsletter to promote sports throughout the pandemic.

- There could be more emphasis on reading.

This year we have bought over £2000 worth of books, new reading schemes, reading records and introduced the Reading Dogs, which has all been a huge hit. We now have daily reading lessons in class which focus upon all strands of reading.

We have class libraries which can be used every day and there is also the main library, which is open every Wednesday morning for parents to visit with their children. Reading will continue to be a focus as we are proud to be a 'Reading School'.

- More emphasis on handwriting and presentation.

We now use a school wide presentation scheme, 'Letter Join', and this is something we will continue. Parents can access Letter Join at home through their child's login too!

- Pupil voice on clubs - Need to receive feedback from children how each club is run i.e. positive and negative - effectively, especially from outside providers.

A pupil survey for Y3-Y6 will be given out this week.

Any comments specific to individual children I have had to omit. If you would like to talk to any member of staff about any of your concerns please ring school on 652149

Questions:

- I would like to find out if my daughter will get a chance to visit the school before she starts in September.
- My daughter will be starting reception in September, how will that proceed? We've not really had much information about that.

We have a Zoom meeting for new parents Tuesday 7th July at 6pm. Keep your eyes open for the link via Parent App.

- What the plans are for September return and if you could let parents know a.s.a.p.? Also if there are any plans for catch up sessions in the summer and also why kids aren't bringing books home to read?
- I hope when the new academic year starts in Sept 2020, that they have a more rigorous and comprehensive learning programme to catch up with the work they have missed in the academic year 2019/2020, as well as the new curriculum set out for 2020/2021.
- I wondered whether it would be possible for children to have an "acclimatisation visit" ahead of returning? So they could come just for a short time, maybe an hour or so for an informal look and run-through of the way school will look and feel going forward.
- Is it likely all the children will return to school full time?
- Will classes be resuming as normal as it was before pandemic?
- Will clubs continue if school is back to normal capacity in September? **Unfortunately not. See July newsletter.**
- Catch up classes for children, how is this likely to look?
- Is school still going to maintain social distancing in September?

We are waiting for guidance from the government to make the final arrangements. As soon as we know and have had time to plan the return in September to be as safe as possible, I will communicate this information as quickly as I can.

- How will the school catch up with their learning, the gaps that need to be filled?
- What are the schools plans/what measures are the schools going to take to ensure the current y5's are going to be prepared for their SATs?

School will make this its main development priority, and I am sure you know that as a school we will do everything we can in partnership with yourselves as parents, to ensure children meet their full potential.
