Questions/Discussion Points:

Parents are extremely worried about the actions of some families as they feel people are not taking this outbreak seriously.

We had a discussion about how can we make it as clear as possible that the only way we will get through this is if we work together to stop the spread of this virus.

Mrs P agreed to send out a strong letter with individually experiences that may help people understand the need to take the BL3 issue seriously.

Mrs P said that if they see behaviour that they think is not Covid secure and could affect class bubbles to inform her asap.

Next meeting:
