

BRITISH VALUES AT BEAUMONT PRIMARY

Curriculum Intent

We aim to actively promote British Values at Beaumont to ensure our children leave school prepared for life in modern Britain. Children are encouraged to regard people of all faiths, races and cultures with respect and tolerance, and understand that while different people may hold different views about what is 'right' and 'wrong', all people living in England are subject to its law. We are committed to ensuring that our children grow up to understand the importance of morality and understand the difference between right and wrong. This moral climate permeates through the whole school with our 'Beaumont Three Rights'. We aim to teach British Values in a fun, creative and engaging way that supports children's social, moral, spiritual and cultural development (SMSC), and British Values are woven into assemblies and other whole school themes.

Curriculum Implementation

British Values is embedded in many subjects and events in school. It is clearly mapped out in the cultural Curriculum map, and opportunities to visit the British Values are exploited by teachers in subjects, which lend itself to it.

A member of SLT runs school parliament and it visits the key principles of British Values throughout the academic year, challenging year groups to have Big Debates.

Beaumont's Three Rights are practised consistently and across the whole school and are supported by the Beaumont Behaviour Policy.

Through PSHE, RSE and RE all aspects of British Values are taught, discussed and revisited throughout a child's time at Beaumont.

Curriculum Impact

Children will leave Beaumont with a great sense of British values; of **democracy**, the **rule of law**, individual liberty, and mutual **respect** and tolerance for those of different faiths and beliefs. Beaumont children will know and lead by example showing the importance of **respect**, and will leave school fully prepared for life in modern Britain.

Children will fulfil the school's vision statement:

The Beaumont family endeavours to create a love of lifelong learning grow healthy resilient minds and develop aspirational future citizens. Our children will make a difference by leading by example, showing tolerance and compassion within a diverse world and being an active and valuable part of society.
